

Jury Summons

Why did I receive a summons and what do I do now?

State law mandates the process for selecting prospective jurors. Each county receives a list of potential jurors from the Secretary of State that consists of those individuals in the county that are registered to vote, hold a Texas driver's license, or hold a Texas identification card. Citizens on the list are randomly selected and mailed a summons to report for jury service.

While some counties choose to mail a questionnaire to prospective jurors to determine their eligibility prior to mailing the official jury summons, other counties mail the questionnaire and the jury summons together.

You will be asked to return the completed questionnaire to the court by mail, or to bring the completed questionnaire with you when you report for jury service.
