 - C. All grass, leaves, brush and other easily combustible materials must be cleared within a fifty (50) foot radius surrounding the area where the activity is to take place before any welding, cutting or grinding begins; and,
 - D. A spotter with water and a ready pressurized delivery system must be on hand before any welding, cutting or grinding begins and remain on hand until the activity is completed.
3. Outdoor use of above ground cooking grills will be allowed in a safe area clear of debris.

4. A **“Controlled Burn”** will be allowed with the following guidelines.

 - B. **Create a defensible space** around the controlled burn.
 - C. **Have fire tools handy** such as shovel, rake, and water to control the fire.
 - D. A **“Controlled Burn”** means you are watching the fire the entire time of the burn.

This Order does not prohibit outdoor burning activities related to public health and safety that are authorized by the Texas Commission on Environmental Quality for: (1) firefighting training; (2) public utility, natural gas pipeline or mining operations; (3) planting or harvesting of agriculture crops; or (4) burns that are conducted by a prescribed burn manager certified under Section 153.048, Natural Resource Code, and meet the standards of Section 153.047, Natural Resource Code.

In accordance with the Local Government Code § 352.081(h), a violation of this order is a Class C Misdemeanor, punishable by a fine of up to \$500.00.

The purpose of this order is the mitigation of the public safety hazard posed by wildfires during the current drought and severe weather conditions by restricting use of combustible materials.
